TWENTY-SECOND YEAR, NO. 36.

SALT LAKE CITY, UTAH; WEDNESDAY, NOVEMBER 11, 1891.

TWO LOYERS ELOPE

The Woman Leaves Her Husband Behind.

SHE HAS COME TO SALT LAKE

Union Pacific Engineers Arrested for the Missouri Pacific Hold-up - They Are

gram to The Himald.—Dr. Preston, who It is stated was in San Francisco after his eloping wife, has written a letter to the lady in charge of his house to send his instruments to Salt Lake and to turn over his rented furniture to the owners, as he would not come back to Pueblo. H. E. Haupt, the man who allenated the affections of his wife, was a German pianotuner at the Knight & McClure Music company's store. About a week ago he left ostensibly for his home in Buffalo, N. Y. Mrs. Preston went to Salt Lake to visit. that the two had been intimate. It made that they work that the two had been intimate. It made to make it is a stand to the part of the pa

sheriff passed through town to-day with "Tex" Williams, wanted at Blackfoot for the murder of John Andrews, better the murder of John Andrews, bester known as "Dutch John," some time ago at Market Lake. The official was as uncommunicative as his prisoner, and no details of the capture could be obtained. It is the general opinion "Tex" was employed by leading cattle men in this county to put "Dutch John" out of the road, as he knew too much about the celebrated Frye cattle.

A GANG OF CROOKS. stealing case that occupied so much of the time of the last session of the district court. From "Tex's" testimony before the coroner's Jury it is expected enough evidence will be gathered to implicate the men who hired him to do the job. The case is likely to prove the most beloous that has occupied the courts here for years.

Cowboy Tex in Blackfoot. BLACKPOOT, Idaho, Nov. 10 .- [Special telegram to THE HERALD.]-The sheriff's posse, who have been in pursuit of "Tex," the cowboy who murdered "Dutch John," reached Blackfoot this morning with "Tex" in charge, having captured him on the range near Soda Springs early yester-day morning. The coroner's jury to-day re-John" was murdered by "Tex" about September 28 last. The evidence developed at est leaves no one who was present there will be developments that will cause ich a furore as has never been experienced

Union Pacific Engineers Arrested.

to THE HERALD. |-While the adjustment board of the Brotherhood of Locomotive Engineers was in annual session a squar of police swooped down on them and arrested G. A. Hunsen, A. E. Breese and the chairman, all of the Union Pacific system, for alleged participation in the hold-up of Pacific express last week in Pacific express last week in gation of indignant engineers appeared in letter carrier uniform at the police station and in language more forcible than polite demanded to know by abstract the contents.

would furnish the most convincing that they were just what they reprethey would furnish the sented themselves to be. They wanted to send for other members of the committee, but the officers would not listen to it and hustled them away to jail. The prisoners were taken into the chief's office and closely catechised, and were finally ordered below, where they were carefully searched and them locked up in separate sells. They stated that they were locomotive engineers and saked to be allowed to explain, but were been released orders were given to have their names crased from the register, and all the chef's underlings were instructed to know nothing whatever about the case. They even forgot that there had been any parties there, and were sure that r arrests had been made.

IMPROVEMENT OF WATER WAYS

And of County Roads Would Ameliorate the Farmer's Condition-Knights of Labor Convention.

annual session of the Farmers' congress began a three days' session here this morning

tural interests. This depression had been of long continuance, and it was time now that the farmer was given recognition in the councils of the nation. There were two great questions proper, the solution of which would tend to amediorate the farmer's condition. One was the improvement of the great water-courses which would two were often seen together and the impression was current that they were brother and sister. Mrs. Preston fell violently in love with the young musician and better elewing Pueblo had made arrange better elewing Pueblo had made arrange could marry Haupt. She was the second men going to the Belt line or Wiggins question was further and sister. This will probably spread to be improved at a cost of \$20,000,000, a sum other lines, as Mr. Arthur stated no freight will be handled by brotherhood could marry Haupt. She was the second men going to the Belt line or Wiggins question was the improvement of the great water-courses, which would furnish cleap transportation. One was the improvement of the great water-courses, which would furnish cleap transportation. One was the improvement of the great water-courses, which would furnish cleap transportation. One was the improvement of the great water-courses, which would furnish cleap transportation for farm products. The Missouri river could be improvement of the great water-courses, which would furnish cleap transportation for farm products. The Missouri river could be improved at a cost of \$20,000,000, a sum other lines, as Mr. Arthur stated no freight will be handled by brotherhood men going to the Belt line or Wiggins question was the improvement.

portation for small farmers to the nearest markets.

Vice.President Smith responded, be Wice.President Smith responded, he agreeing with the governor that the great water courses should be improved both in the interest of the farmer, manufacturer and merchant. Twenty million dollars was a small enough amount to be devoted to the improvement of a big river like the Missouri. He was not alarmed, he said, at any billion dollar Congress. He thanked God he lived in a country where the appropriation of a billion dollars by one Congress would not bankrupt the treasury. The agricultural interest was the greatest interest of the nation and legislation should take it more into account than it does. An unmber of other addresses were made.

Sedalla, Nov. 10.—Before recess resolutions were adopted on motion of D. C. Wagner, of Illinois, tendering to Secretary of Agriculture Rusk sincere thanks "for the great and good work he has accomplished for the farmers and to beg his continuance in the same line." The preamble refers to Rusk as "Our farmer secretary

> A Critical Situation in Brazil. LONDON, Nov. 10, 7 p. m .- A dispatch

just received from Pernambuco brings fur-

ther alarming intelligence regarding the

situation of affairs in Brazil. There is no

doubt the situation of affairs in Brazil arising out of the assumption of dictatorial powers by the late president of the lic, Marshal Deodors da Fonseca is rapidly approaching a point where a resort to arms will be necessary to establish of the distator. to arms will be necessary to establish the position of the distator. The dispatches of yesterday showed there was a feeling of discontent prevailing everywhere throughout Brazil. The Republicans see in this last move of Da Fontal and the authority of the authority. eca an attempt to override the authority vested in him by the constitution. So vested in him by the constitution. So strong has the opposition to Da Fonseca grown that yesterday it was announced the important province of Rio Grande do Sul had declared her independence. A dispatch just received shows that steps will have to be immediately taken to prevent, if possible, the dispersation of the republic. The av declared her independence. Grando Para is one of the most important prov-Para is one of the most important prov-inces in Brazil. The independence move-ment will probably be followed by a similar declaration by the province of Bahia. Dictator Fonseca is moving rapidly to suppress these attempts to set up separate governments and has ordered a warship to proceed without delay to Rio Grande do Sui to take such action as is necessary to prevent the provincial authorities carrying the declaration of independence into effect. It behooves him to move with alacrity, for already a man has been named in connection with the contemplated presidency of the province. He is Silvence Martinez, who during the last revolution was banished from the country. He afterwards was allowed to return. Silvence Martinez, without doubt, p separate governments and has ordered

must be considered.

and Harrington in trying to deceive the letter; that it disclosed treachery to of Great Britain, addressed the court. wards Parnell and their Liberal ailles O'Brien now gives the latter to the world together with his own reply. The only letter he wrote to Parnell during the Boulogue negotiations is not yet published. Parnell's letter to O'Brien suggests McCarthy interview Gladstone and get a written memorandum embodylog the assurances already given the agent. The land and police were to be transferred to the custody of O'Brien. That if the memorandum was satisfactory to both Parnell and O'Brien, the former would announce his retirement from the championship; that the terms of the mem orandum should not be disclosed until home rule blil was introduced, and not th after the bill was unsatisfactory, but after the passage of a satisfactory bill Parnell should be permitted to publish the memorandum. Instead of a two year's limit memoratudes, instead within which the constabulary should be disarmed and converted into a civil force. Parnell agreed the time might be extended portance that some limit should be fixed. The letter in conclusion gives O'Brien per-

mission to show it to Redmond's brother O'Brien says on receiving this letter he telegraphed it to Mr. Harrington, who re-plied Parnell's proposals were subject to O'Brien's accepting the chairmanship. At the same time O'Brien v to Parnell to the effect that proposals were feasible provided McCarthy continued as chairman, otherwise a Hawarden plan involved the otherwise a Hawarden pian involved the employment of McCarthy. In this painful transaction they would raise a formidable difficulty. O'Brien concludes with an expression of the belief that they would be able to devise some other equally satisfactory plan. In a postscript he says he consulted Redmond and Gill, and all agreed when they met next May they would be when they met next Msy they would be when they met next any they would be able to arrange a modus vivendi.

O'Brien contends that the foregoing dis-poses of the Parnellite plea that Parnell's retirement was to be a sham and that he was to have the right of veto in connection with home rule.

HATWARD, Wis., Nov. 10.-Two men and a boy are dying and three men seriously injured and many others suffering from

painful wounds as the result of a terrific explosion of dynamite which occurred early this morning. The explosion was caused by a fire breaking cut in the North Wisconsin Lumber company's warehouse. While a crowd was gathering around the fire, the explosion occurred. The injured ire, the explosion occurred. The in are: Fred Nelson, John Lavatta, Davis, D. McWilliams, Caleb Beat, J. H. Wade. Davis was struck by a huge timber and frightfully injured. Lavattd had both legs broken and his chest crushed in. A freight train standing on a sidetrack was islands and killed sixty convicts, there is blown off the rails and the caboose almost no doubt there has been a large loss of life completely demolished.
